

**Amendments to the Drawings:**

The attached sheet of drawings includes a new FIG. 3 showing a communication system 300 comprising transmitter 302 and receiver 304.

Attachment: New Sheet Drawing (FIG. 3)

## REMARKS/ARGUMENTS

### Drawings

While the Office Action summary indicated that the drawings were accepted, the Detailed Action indicated that the drawings were objected to under 37 CFR 1.83(a). The Examiner indicated that the communication system comprising transmitter and receiver of claim 1 must be shown or the features canceled from the claims. As such, Applicants have included FIG. 3 showing a communication system 300 comprising transmitter 302 and receiver 304. The Specification has been amended accordingly on page 7, the paragraph between lines 7 -17 to insert designator numbers as well as the Brief Description of the Drawings on page 4, after line 11. No new matter has been added.

### Claims

Applicants have amended claims 3, 4, 7, 8, and 9 without prejudice or disclaimer. Claims 1-9 remain in the application.

### *Claims 1, 2, 5 and 6 are allowed.*

Applicants thank the Examiner for the allowance of claims 1, 2, 5 and 6.

### *Allowable subject Matter.*

Applicants thank the Examiner for the indication of allowable subject matter pertaining to claims 3-4 and 7-9. The claims have been amended to overcome the rejection under 35 USC 112, second paragraph as set forth below.

### *Claims 3, 4, 7, 8 and 9 were rejected under 35 USC 112. Claims 3, 4, 7 and 8 were rejected for antecedent basis issues. Claim 9 was rejected as being vague and indefinite.*

Claims 3, 4, 7 and 8 have all been amended to correct the antecedent basis issue by removing the word "data". Claim 9 was amended similarly to original claim 5 to overcome the vagueness and indefiniteness issue.

Thus, the rejection of independent claims 3, 4, 7, 8, and 9 is overcome.

Accordingly, this application is now believed to be in proper form for allowance. An early notice thereof is respectfully requested.

No amendment made was related to the statutory requirements of patentability unless expressly stated herein. No amendment made was for the purpose of narrowing the scope of any claim, unless Applicant has argued herein that such amendment was made to distinguish over a particular reference or combination of references.
